I am an **architecture student, designer and creative seeker.**

Throughout my academic career, I have discovered a **philosophy** that entails design as an **interdisciplinary, collective effort** to respond to **contemporary needs and future issues**. I believe great design is the result of collaborative work combined with passionate, innovative, sensitive values that transforms a place or object into a unique solution that responds to human needs.

I am **passionate, self-driven, hardworking and willing to go above and beyond** to design spaces or objects that best fit our lifestyle.
