ROYAL RESIDENCE

ARCHITECTURAL
WORKING
DRAWINGS

At the end of a long sinuous road, elevated far from all city life, Kooconusa's beloved Recreational Area Park becomes the home to the Royal Residence and is perched elegantly in the coveted ecotone of forest.

Enter through a dramatic foyer with clerestory windows into the main living area, which features white oak floors with dark walnut inlay borders, a substantial wood-burning hearth, and a kitchen lined with custom-designed, handcrafted oak cabinetry.

THE DESIGN INCLUDES FIVE BEDROOMS, FOUR-AND-A-HALF BATHS, COMMON AREAS WITH OPEN FLOOR PLANS, AND AN OVER-SIZED GARAGE.

A SPECIAL FEATURE OF THE RESTAURANT IS AN ORIGINAL AND IMAGINATIVE USE OF AN ICONIC DRAGON NEON LIGHT.

THE DESIGNER DELIBERATELY SHOWCASES NEON IN A UNIQUE WAY: WITH A MATCHING GLASS-CASE KITCHEN DESIGN, THE FORM IS A DOMED SHAPE AND MODERN PARTITION WALLS THAT CREATES PRIVACY AND INSOLATES SMELL.

LULULEMON HOTEL

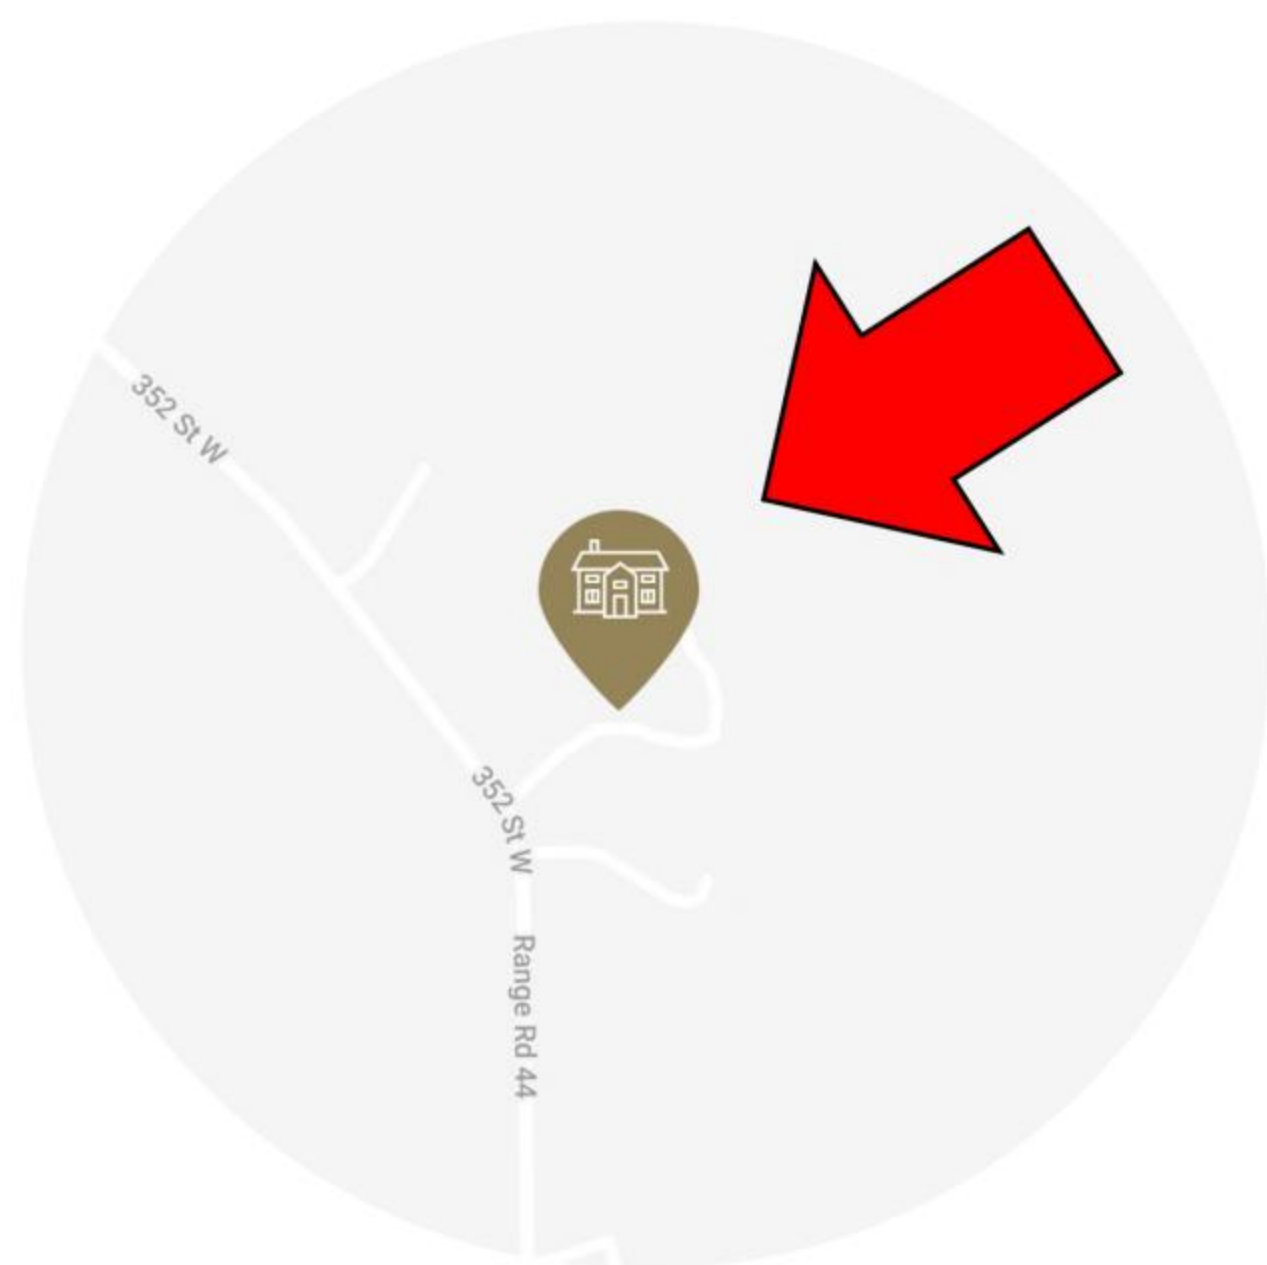

Calgary-based Interior Designer Talia Robinson has designed an eco-resort to develop a new concept of hospitality in the Foothills County region.

Dubbed the LULULEMON Nature Resorts, the complex follows the mountain's silhouette to offer a maximized relaxation experience, as well as a completely mirrored exterior reflects the forest back to itself and helps the hotel essentially 'disappear' into the environment.
